DORMA RTS 85 Fixed Power Transom Closer

Transom concealed door closer

The DORMA RTS 85 transom concealed door closer offers a solution for installations where door control must be provided without disturbing the aesthetic appearance of the door. A complete line of accessories is available to accommodate virtually any door and frame configuration.

Successfully third party tested to BS EN1154

Product features

- Door closer hidden in the door frame
- Door widths up to 950 mm / 1100 mm / 1250 mm
- For single and double action doors
- One closer body for all types of fixing
- Wide range of accessories for almost every configuration

Benefits for the trade/distributor

- Just one closer body for all types of fixing
- Low inventory costs and minimal stocking requirement thanks to unit packs for closer body and accessories

Benefits for the installer/fabricator

- Can be used for double action doors, or left and right hand single action doors
- Installation and setting adjustment possible before installing the doorset on site
- No floor preparation necessary
- Positive "zero" position for double action doors - easy to adjust
- Comprehensive range of accessories

Benefits for the architect/specifier

- Aesthetically impressive solution - especially with toughened glass doors
- Ideal for shopfitting applications

Benefits for the user

- No cluttering of door or floor appearance
- Backcheck to prevent door contact with frame
- Smooth closing with adjustable closing speed
